Dear Ms. Johnson

I read with interest your recent advertisement for the Community Coordinator position currently available at Skills Unlimited. As a candidate I offer exceptional public relations and community awareness combined with a terrific and open approach. With a Master's degree in Public Relations and a strong ability to represent the company I make an exceptional candidate for your consideration.

My current Community Coordinator position has afforded me the opportunity to plan and execute press conferences and author successful press releases on behalf of the organisation. I have organised a large trade show attended by over one thousand people leading to increased visibility and translating into new customers and increased sales. My specific public relations aptitude and experience have led to high success as a Community Coordinator. Additionally I possess excellent oral and verbal communication skills. I understand the importance of networking and attend as many conferences as possible in order to effectively represent corporate interests. With ten years of Community Coordinator experience I understand what is necessary.

I know you'll find me a perfect fit for the Community Coordinator position at Acme Inc. I can be reached via telephone or email to schedule an interview. I look forward to meeting with you.

Sincerely

Jessica Summers
